## **Trail Patrol**

The primary goal of the Trail Patrol is to greet, assist, and educate the public on the Coconino National Forest. Volunteers may patrol the trails on foot or—where permitted—on mountain bikes, motorized OHVs, or horseback. For more, click on [Trail Patrol](#).

30 October 2009

In October 2009, the Forest Service asked Friends of Northern Arizona Forests to establish and staff a Trail Patrol program. FoNAF agreed, and volunteers will work with FS staff during the winter to refine the responsibilities, to determine the training and certification process, and to set up a schedule for the spring of 2010. We expect the program to be up and running in April 2010.

Until a FoNAF coordinator has been chosen, please direct your questions to Sean Murphy, Trails and Wilderness Coordinator with the Coconino National Forest. Phone: 928-257-8225. Email: [smurphy@fs.fed.us](mailto:smurphy@fs.fed.us),
